

E-Conference Proceedings

Sl.No.	Title of the Article	Author	Branch	Name of the Conference	Location
1	Effect of processing routes on the corrosion behavior of Al-Si alloys	K. Raju & Others	Mech	Advanced materials, manufacturing, management and thermal sciences (AMMMT-2010)	Library Server
2	Effect of microstructure on wear characteristics of spray cast Al-Si alloys	K. Raju & Others	Mech	Materials science forum (2012), 710, 545-550	Library Server
3	Investigation on the wear properties of primary Si modified Al-20Si alloy	K. Raju & Others	Mech	Transactions of the Indian institute of metals (2012), 65(6), 673-676	Library Server
4	Investigation on spray processing of Al-Si alloys and their wear characteristics	K. Raju & Others	Mech		Library Server
5	Effect of processing techniques on the mechanical and wear properties of Al-20Si alloy	K. Raju & Others	Mech	Transactions of the Indian institute of metals (2011), 64(1-2), 1-5	Library Server
