VAMANJOOR, MANGALURU - 575028

An Autonomous Institution

Affiliated to VTU Belagavi, Recognised by AICTE New Delhi, Accredited by NAAC with A+ Grade

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

ACCREDITED BY NBA, NEW DELHI

PRODIGI EXPRESS

2021

VOLUME X

St Joseph Engineering College (SJEC) is an Autonomous Institute under Visvesvaraya Technological University, Belagavi, Karnataka State, and is recognized by the All-India Council for Technical Education (AICTE), New Delhi. SJEC is registered under the trust "Diocese of Mangalore, Social Action Department".

Established in 2002, the College offers top-class education in Engineering, Business Administration and Computer Applications at UG, PG and Research levels. It has well-qualified staff, state of the art laboratories and all facilities. Presently about 2300 students are studying in the College.

The UGC granted autonomous status to the Institute from 2021. At SJEC, the OBE system has been implemented since 2011. Four of the UG programs, namely Computer Science & Engineering, Mechanical Engineering, Electronics and Communication Engineering, and Electrical & Electronics Engineering, have full accreditation from the NBA until June 2022. Also, the institution has been accredited with A+ grade by NAAC and is valid up to February 2026.

The College provides for a wide variety of co-curricular and extra-curricular activities, which give a head-start to students, developing their personality and imparting skills of decision-making and leadership. Campus Placement Department assists student's secure good jobs.

The Department of Electronics and Communication Engineering was setup during the inception of the college in 2002. With the effort of well qualified faculty and best infrastructure, the department has grown from strength to strength in the last decade. Currently, the student intake is 120 at the UG level and 18 at the PG level. Also, the VTU has approved the department to offer Ph.D / M.Sc (Engg) by research from 2015. The faculty of the department are actively involved in teaching and research with specializations in Communication, Signal Processing, Embedded System and VLSI. The department encourage students to present papers in symposium and conferences, and to participate in various intercollege technical and nontechnical events.

The department is well equipped with state-of-art laboratories with the latest tools such as Cadence VLSI Design Suite, Xilinx Vivado-2018, MATLAB 2018, ARM CORTEX, LABView, Multisim and NEXYS 4 DDR Artix-7 FPGA Board, to make students Industry ready. In addition, the department has Biomedical Electronics Research Lab to encourage students to develop projects in the field of biomedical signal processing in association with Father Muller's Research Centre and Hospital. The department has MOU with "Karmic Design Pvt Ltd" Manipal to facilitate the students in semiconductor chip design. The department actively organizes Industry visits, National Level Conference, Workshops, Technical talks from Industry/Academic experts in order to enhance their learning abilities, creative thinking and also to bridge the gap between the Industry and Academia.

The Department of Electronics and Communication is proud to announce that the UG Student project titled "Automated Union Over Touch Enabled System(AUTES)" has been awarded as the Best Project of the Year 2017-18 (41 st Series), by KSCST Government of Karnataka.

PRODIGY

Genius Within!

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

VISION

To Excel in Electronics and Communication Engineering Education and Research, focusing on the needs of Industry and Society, with professional ethics.

MISSION

Provide opportunities to deserving students for quality professional education in the field of Electronics and Communication.

Design and deliver curricula to meet the changing needs of industry through student centric learning methodologies to excel in their profession.

Recruit, Nurture and Retain best faculty and technical manpower.

Consolidate the state-of-art infrastructure and equipment for teaching and research activities.

Promote all round personality development of the students through interaction with alumni, academia and industry.

Strengthen the Educational Social Responsibilities of the institution.

PRODIGI

PRODIGI is a students' association of the Electronics & Communication Engineering Department. The word 'PRODIGI' means a young person with exceptional qualities or abilities - a name befitting each and every member of the association. The association is spearheaded by the student office bearers and student members along with the guidance of HOD and the faculty coordinators. Association is an intellectual hub for nurturing creative, inherent and inert talent. It conducts technical talks by renowned resource persons from academia and industry, peer learning talks, workshops and other extracurricular activities throughout the year.

PROGRAMME EDUCATIONAL OBJECTIVES

- I. To provide students with a solid foundation in mathematical, scientific, Electronics and Communication engineering to analyze data and technical concepts for application to product design and also to pursue higher education.
- II. To train students with good scientific and engineering breadth, including proficiency in software language and use of latest software tools so as to comprehend, analyze, design and create novel products and solutions for the real life problems.
- III. To develop skills in students for successful careers in industry that meet the needs of Indian and multinational companies, through rigorous education.
- IV. To inculcate in students professional and ethical attitude, effective communication skills and teamwork, multidisciplinary approach, and an ability to relate engineering issues to broader social context.
- V. To provide students with an academic environment to become aware of excellence, leadership, written ethical codes and guidelines, and the life-long learning needed for a successful professional career.

PROGRAMME OUTCOMES

Engineering Graduate shall be able to

1. Apply knowledge of mathematics, science and engineering fundamentals, and Electronics and Communication Engineering for the solution of engineering problems.
2. Identify, formulate and solve engineering problems.
3. Design electronic systems, components or processes to meet desired specifications within realistic constraints of economic and environmental standards.
4. Design and conduct experiments, as well as to analyze and interpret data pertaining to electronic systems.
5. Use computer aided software tools and techniques for solving electronics and communication engineering problems.
6. Demonstrate awareness of contemporary engineering problems.
7. Apply engineering solutions in societal and environmental context.
8. Understand professional and ethical responsibility.
9. Function within multidisciplinary teams.
10. Communicate effectively in terms of system specifications within the team.
11. Demonstrate the understanding of management principles as applied to the specified work and apply this knowledge to manage the projects as a member and leader in a team.

PROGRAMME SPECIFIC OUTCOMES

Engineering Graduate shall be able to

1. Participate and succeed in competitive examinations.
2. Understand technological advances in industry through Industry Interaction.

Best Practices in the Department

Encouraging students for Product and Research oriented Projects.

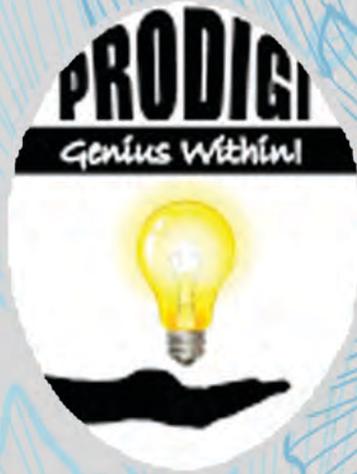

Implementation of Active Learning Strategies, Collaborative, and Project based Learning and use of Learning Management Systems in all Courses.

Bridge courses for difficult subjects and Open-ended experiments in all Labs.

Industry Orientated Activity Labs, Industrial Visits, Internships, Online Courses, Remedial Classes and Gate Coaching.

Peer Teaching/Learning and unique Mentoring Process by each Faculty.

Alumni and Industry Interactions.

Message from the Director

The academic year 2020-21 was a challenging, yet very satisfactory one as we witnessed the institution take rapid strides in all its endeavours, accomplishing several milestones along the way. Amidst all the chaos created by this unending pandemic, it is heartening to note that the Department of ECE is coming out with yet another issue of Prodigy Express.

The newly instated institutional Autonomy is sure to open up a plethora of opportunities in the technology sector and the department is going to be at the forefront of it. The collaboration with industries in the preparation of the new curriculum will ensure that the students entering this department will learn relevant technologies and be industry ready at the end of their graduation.

Showcasing efforts and achievements are important in our journey towards excellence. We derive inspiration from our past victories and learn from challenges that were surmounted. The Department Magazine is one such repertoire of experiences that will guide us as we march on. I am sure that this edition of the magazine will successfully engage the readers through thoughtful articles and showcase the wonderful work carried out in the Department of Electronics and Communication Engineering.

I congratulate the editorial team of Prodigy Express for yet another successful issue and also would like to wish the Department well in all its activities.

Message from the Assistant Director

“A person who never made a mistake never tried anything new.” says Albert Einstein. I take this as an opportunity to congratulate Electronics and Communication department for their tireless efforts in publishing PRODIGI EXPRESS 2021.

Good seed succeeds in giving good fruits; in a like manner Electronics and Communication department in our institution is investing its maximum energy to reap good fruits. Prodigy Express 2021 is the result of their hard work and commitment. We human beings always move towards success. When we receive good fruits we must not be satisfied with it rather we need to make every effort to get better and best fruits. We do make mistakes; we do face failures that should not stop us in trying more and more. The same principle must be applicable to us; we always need to focus our attention to reach that destination. I wish all the success in your future endeavors. God bless you.

*Rev. Fr Alwyn Richard D'Souza
Asst. Director - SJEC*

Message from The HOD

Today's technology is a booming market, full of exciting and innovative products and new learning opportunities for all of us. Sean Gerety, User Experience Manager at The Home Depot Atlanta Metropolitan Area says "The technology you use impresses no one. The experience you create with it is everything". The modernization, that we are witnessing now has all been possible because of the technological developments in many different fields. However, once we have discovered what level of access we have and what range of possible options this affords us, it is the right time to address our own comfort level with the technology in our daily lives.

The Department of Electronics and Communication Engineering has taken lot of initiatives to keep students and staff updated with the technology during Covid 19 pandemic period. Department has conducted several high-quality webinars by renowned resource persons from Industry in the field of VLSI, Communication Systems, AI and ML, Biomedical Engineering, Control Engineering etc. Our Alumni have guided and shared their experiences about the job and market conditions in post covid period, Industry 4.0, Career opportunities for ECE Engineers etc. Further Department also organized webinars to release the stress of students by medical experts to keep the mental health and wellbeing of the students.

Once the students were back to the Campus, Department has organized 30 days short term training program for the third-year students on "Advanced Digital System Design using FPGA" by our faculty experts and Engineers from CorreEL Technologies Pvt Ltd. The training program provided practical exposure on the design of digital systems. I am very delighted to say that, at the end of the training program, students were able to design a Microcontroller, which was named as "PRATHAMA". Second year students were also trained on Design of Self Balancing Robot using PID Controllers. Staff were also trained by the industry experts on Optical Communication Networks, Biomedical Projects, 5G Communications etc. Awareness on Plagiarism & Ethical issues, documentation writing was also provided to students as well as Faculty. Students have actively participated in Inter college Events, Conferences, Workshops, Hackathons, various Project Exhibitions etc. and won many prizes. All these achievements are due to the enthusiastic participation and keen interest in learning new things by our students and Staff.

On behalf of ECE Department, I whole heartedly thank our students and staff for their contribution towards the fulfillment of vision and mission of our Institution. I also would like to thank management for the support in executing all these events successfully. I congratulate and thank PRODIGI Coordinators and office bearers for taking initiatives and bringing out a beautiful "PRODIGI EXPRESS 2020-21".

Dr Dayakshini
Professor and HOD,

Message from Editorial Board

PRODIGI EXPRESS is a reflection of Electronics and Communication Department activities. It is a record of our staff and student achievements in academics, co-curricular and extracurricular activities as well as research and developments. It gives me great pleasure to present the 'X' edition of PRODIGI EXPRESS. This magazine intends to disseminate information about our department, and I hope that the readers will find the issue informative and useful.

I take this opportunity to thank the Management, Principal, HOD, Staff, and Students of the ECE department for their support in bringing out this magazine. Also, I would like to thank the members of PRODIGI association and the editorial team who work diligently every step of the way to ensure that the 'X' edition of PRODIGI EXPRESS becomes a reality.

Lastly, I would like to place on my gratitude and heartfelt thanks to all those who have contributed to make this effort a success.

Workshops/Faculty Development Programs/Short Term Training Programs Conducted in the Department

1. Workshop on "Analysis of eye movement to diagnose balance disorders using Balance-Eye"

Resource Person: Dr. Srinivas D R, Co-Founder, Director, Product Innovation, Cyclops MedTech Private Limited, Bangalore

Mr. Ajith S Rao, Founding Team Member and Chief Architect at Cyclops MedTech

Mr. Niranjana M. Subbarao, Head Business Development, Cyclops MedTech Private Limited, Bengaluru

Date: 09 February, 2021

The objective of the workshop was to give insights on fundamentals of physiology of the eye and how the eye responds to the stimulus. To demonstrate the working and application of Balance-Eye equipment with results and observations. Workshop was attended by 25 teaching and non-teaching faculty of the department of Electronics and Communication.

2. Short Term Training Program "Advanced Digital System Design using FPGA"

Resource Person: Mr Prakash G, Lead Application Engineer, CoreEL Technologies Pvt Ltd Bangalore, Mr Vijay Ganesh P C & Mr Mahesha Y, Assistant Professors, Department of ECE, SJEC, Mangaluru

Date: 15-27 March, 2021

The objective of the workshop was to enable students to analyze and design the basic building blocks of Digital Systems using FPGA and to enable the students to design a simple microprocessor. The students were divided into 2 main groups wherein the hardware section was led by Mr Sherwin Bryan Soans and the software section was led by Mr Shivaprasad. Further the main groups were split into subgroups containing 3-4 students and each group was assigned a specific task. Finally, each unit test was carried out and integrated to design the final Microcontroller.

All the groups presented their work on a daily basis and received the suggestions from their peers and guides. All the Students have taken part enthusiastically in this four weeks STTP program and successfully completed the design of the microcontroller and named it as "PRATHAMA".

3. Workshop on "Research Paper/Report Writing, Plagiarism and Ethical Issues"

Resource Person: Dr Dayakshini, Dr Rohan Pinto, Ms Shama B N, Ms Jennifer Saldanha, Mr Keith R Fernandes, Faculties of Department of ECE, SJEC

Date: 23-24 March, 2021

The objective of the workshop was to give insights on the aspects of writing a research paper, ethical issues in research and documentation, use of Turnitin software, writing project reports, project presentations using MS word and referencing using Mendeley. Around 100 students of final year B.E (ECE) participated in the workshop.

4. Faculty Development Programme on "Insights on Optical Devices and Networks"

Resource Person: Ms Radhika Ramesh, Product Engineer, Fiber Optic Services, Mumbai

Date: 25-26 March, 2021

The objective of the workshop was to provide insights on the aspects of the use of OPTSIM tools in the field of optical communication, potential areas for research in optical communication, interdisciplinary thrust areas for research, and use of OPTSIM as a simulation tool for the existing subjects. Around 20 staff members of the ECE department participated in the workshop.

5. Faculty Development Programme on Autonomy Syllabus Preparation

Resource Person: Faculty Members, Department of ECE, SJEC

Date: 05-08 April, 2021

The objective of the workshop was to present an autonomy syllabus framed by faculty for different subjects. Each faculty presented a syllabus for two subjects prepared by them in consultation with industry and academia. All faculty of ECE department participated in the faculty development programme.

6. Three Day Online Faculty Development Programme (FDP) on "Designing Communication Systems - Wireless and 5G with MATLAB and Simulink"

Date: 06-07 and 10 May, 2021

Department of Electronics & Communication Engineering, SJEC, Mangaluru in association with SJEC MATLAB, MATHWORKS and CoreEL Technologies organized Three-Day Online Faculty Development Programme (FDP) on "Designing Communication Systems - Wireless and 5G with MATLAB and Simulink" on 6, 7 and 10 May, 2021.

Resource Persons of the workshop were Mr Amith Kamath, Education, Technical Evangelist, MathWorks, Mr Shashi Kumar J K, Application Engineer, CoreEL Technologies, Mr Kishore Siddani, Application Engineer, MathWorks, Dr Jagadeesha R Bhat, Assistant Professor, IIIT Dharwad, Dr Vidhyacharan Bhaskar, Professor, San Francisco State University, California, Mr Uvaraj Natarajan, Senior Application Engineer, MathWorks

The objective of the FDP was to provide fundamental concepts and recent developments in Wireless Communication and 5G Systems. Domain experts from MathWork and CoreEl Technologies demonstrated the design of Communication Systems. Sixty-two participants attended the FDP including students, faculty, and research scholars from SJEC and other institutions across the country.

TESTIMONIALS

Name: *Andrea Natasha Gonsalves*

Batch of Engineering: *2012-2016*

Current Designation: *Co-Founder, MARKET BIRD*

Achievements: *M. Eng from the University of Melbourne, Australia in 2019*

Testimonial:

It was a great experience studying at St Joseph Engineering College, Vamanjoor, a memory to cherish for a lifetime. The College gave me opportunities to explore and develop my leadership and team skills. The professors here are ever ready to help, not only delivering classroom teachings, but being guides by our sides and preparing us to embrace the ever-evolving Global Challenges. I was able to join and successfully complete my Masters from the University of Melbourne, Australia and now I am an entrepreneur. The learning gained from this esteemed College is a treasure for life.

Testimonial:

When I look back at the days spent in the ECE department at SJEC, I see a transferable set of competencies that got built up over a period of time in me. The department triggered my learning curve to rise towards knowledge and creativity. Value-added programs, Career growth programs, Aptitude classes, Technical talks, etc organized here, laid a concrete foundation for a challenging corporate journey. The faculty always had open arms and there was so much that I got to learn from each of them. I'm forever grateful for all the valuable experiences, infinite opportunities and indelible memories this department has gifted me with for a lifetime!

Name: Sudeep Sapnil Gonsalves

Batch of Engineering: 2021

Current Designation: Student, Msc in Automation and Control, Newcastle university, UK

Achievements: 5th rank in Taxi project, Asia University, Taiwan

Testimonial:

On the verge of finishing my 4 years at SJEC, I, Sudeep Sapnil Gonsalves, currently pursuing my 8th semester in the Department of Electronics and Communication Engineering and feel extraordinarily thrilled to pen down my experience with this branch the opportunities given to broaden my knowledge.

The Office of Collaboration together with the E&C branch allowed me to be a part of a summer internship program at Asia University, Taiwan in the subject of Artificial intelligence and Machine learning. Interns from multiple international locations participated in the program which endorsed me to have a closer look at their work culture and this completely blew my mind and time management became the quintessential part of the program. I feel privileged to mention that I secured the fifth rank in "the taxi project". This opportunity from the E&C department not only helped me gain knowledge in technical abilities however additionally gave numerous insights on growing my managerial abilities. This allowed me to beautify my resume while applying for higher studies and additionally helped me stand one step ahead of others during the selection process.

I would like to thank the dynamic faculties from our department in addition to the college for directing and guiding me throughout my life at SJEC.

ಸುತ್ತಲೂ ಹಚ್ಚಿ ಹಸಿರು,
ಪ್ರಾಧ್ಯಾಪಕರಾದರು ವಿದ್ಯಾರ್ಥಿಗಳ ಉಸಿರು,
ಸಾವಿರಾರು ಮನಗಳ ಕನಸು,
'ಎಸ್.ಜೆ.ಇ.ಸಿ' ಎಂದೆ ಹೆಸರು.

'ಇ.ಸಿ' ಹೆಚ್ಚೋ 'ಸಿ.ಎಸ್' ಹೆಚ್ಚೋ,
'ಸಿವಿಲ್' ಹೆಚ್ಚೋ 'ಮೆಕ್' ಹೆಚ್ಚೋ,
ತಾರತಮ್ಯ ತೊರೆದು ಒಟ್ಟುಗೂಡುವ ಹುಮ್ಮಸ್ಸು,
'ಮಿಲನ್' ಆಚರಣೆಯ ಸೊಗಸು.

ರಂಗು-ರಂಗಿನ ರಂಗೋಲಿ,
ಸಿದ್ಧಾಗಿರುವುದು ಮಡಿಕೆಗಳು ಸಾಲಿನಲಿ,
ಎಲ್ಲೆಲ್ಲೂ ಸಾಂಪ್ರದಾಯಿಕ ವೇಷಭೂಷಣ,
ಕುಣಿಸುವುದು ಹುಲಿವೇಷದ ನಾದನ.

ಚಿಗುರುವುದು ಎಲ್ಲೆಡೆ ಸಂಭ್ರಮ,
ತಿಳಿಯುವುದು ಹಬ್ಬದ ಮಹತ್ವ,
ಆಗುವೆವು ಒಂದು ಕುಟುಂಬ,
'ಎಸ್.ಜೆ.ಇ.ಸಿ' ಎಂಬ ಮಂತ್ರಾಲಯದಲ್ಲಿ.

ಹಚ್ಚ ಹಸಿರಿನ ಪ್ರಕೃತಿಯ ಸ್ವಾದ
ಜುಳು ಜುಳು ಹರಿಯುವ ನೀರಿನ ನಿನಾದ
ಸ್ವಾತಿ ಮುತ್ತಿನಂಥ ಮಳೆ
ಆಹಾ !!ಎಷ್ಟು ಸುಂದರ ಈ ಇಳೆ...

ಸುತ್ತಲು ತುಂಬಿದೆ ಹಕ್ಕಿಗಳ ಕಲರವ
ಅದರ ಜೊತೆ ಕಂಡೆ ಮೋಡದ ಚಿತ್ತಾರವ
ಬಣ್ಣ ಬಣ್ಣದ ಹೂಗಳು ಆಗಿಹುದು ಅಲಂಕಾರ
ಪ್ರಕೃತಿ ಮಾತೆಯೇ, ಯಾರಿಹರು ನಿನಗಿಂತ ಸುಂದರ? !

ಸಹನೆ ನೆಮ್ಮದಿ ಸುಖ ಸ್ಪೂರ್ತಿ
ನಿನ್ನ ಬೊಗಸೆಯಲ್ಲಿದೆ ಎಲ್ಲಾ ಪ್ರೀತಿ
ನೀಲಿ ಅಂಬರದಲಿ ತಂಗಾಳಿ ಬೀಸಲು
ವರ್ಣಿಸಿದಷ್ಟು ಮುಗಿಯದು ಪದಗಳ ಸಾಲು....
