July 2019 - October2022
 - Bachelor's In Computer Application

Skills

Programming Languages : Python, C/C++, C#, Java, Php

Technologies : HTML, CSS, Javascript, React JS, Node JS

Database : MYSQL, Oracle, MongoDB, Firebase

Work Experience

- **Assistant Professor (Shree Devi Institute of Technology)** Sept 2024 – Present
 - Taught **Internet of Things (IoT)** (theory + lab) to **MCA students** (batch size: ~80) and **CSE students** (batch size: ~50) under the **VTU syllabus**, emphasizing hands-on learning and real-world applications.
 - Conducted Advanced Java (theory) and Java Programming Lab sessions for **CSE students**, delivering structured, syllabus-aligned content with practical examples.
 - Actively participated in **NAAC accreditation processes**, including preparation of **CO-PO mappings** and documentation for course files.
 - Mentored students, evaluated lab work, guided mini-projects, and contributed to departmental academic activities.
 - Actively contributed to the department's academic enrichment through curriculum development, outcome-based education (OBE) practices, and student-centered pedagogy.

Projects

- **AlumConnect (React JS Vite, Javascript, Firebase, Chakra UI)**
 - Engineered a social networking platform facilitating user interactions, including real-time messaging and follow functionalities, with a focus on privacy and personalized engagement.
 - Implemented features for managing user connections and notifications, ensuring seamless updates to following lists and real-time chat capabilities within the application.
- **Digital Den (HTML, CSS, Javascript, Php, Bootstrap)**
 - Developed an e-commerce platform featuring categorized product listings with detailed descriptions, pricing, and integrated payment gateway, alongside functionality to track and highlight most-viewed products.
 - Created an admin panel with a comprehensive dashboard for managing products, users, and feedback, including sales revenue visualization through bar charts, ensuring effective oversight and control of platform operations.
