

St Joseph Engineering College, Mangaluru

Office of Training – V-ACT

Career Guidance – Byju's

V-ACT in Collaboration with Byjus conducted an interaction session with the students of VIth semester of the Departments of Computer Science & Engineering, Mechanical Engineering, Electrical & Electronics Engineering, Electronics & Communication Engineering and Civil Engineering on the 8th of March, 2019 in Kalaam Auditorium of SJEC from 12.00 PM to 2.00 PM. The interaction covered various Career & Higher Education Avenues in India and Abroad, and also of the rigorous selection criteria involved. It gave students an insight into the relevant steps required to prepare for GRE/CAT/GMAT/UPSC/GATE and the kind of research that is required for entering the world of International Education.

The seminar focused mainly on the following aspects:

1. Indian and International education opportunity- GRE/CAT/GMAT/UPSC/GATE possibility of getting the seats, etc
2. Importance of Aptitude and the ability to solve problems quickly
3. Importance of English ability to gain more marks in the examinations like GRE & GMAT.
4. Regarding foreign universities, application process, part-time jobs, and funding options etc.

The speaker of the event was Mr P N Santosh - Co-Founder of Byju's who is an MBA from ISB, Hyderabad and an Electrical Engineer (Gold Medalist from CEG-Anna University, Chennai) is a 100 percentile scorer in CAT Verbal and 338 out of 340 score in GRE,780/800 scorer in GMAT. He also answered an array of questions from the students.

V-ACT Faculty Coordinators of SJEC, Ms Flona Shawn Soans, Training Officer and Dr Shakila B, from the Department of Business Administration coordinated the interaction program.

A handwritten signature in blue ink, consisting of a circular initial followed by a long, sweeping horizontal stroke that tapers to a point on the right.

Office of Training – V-ACT

Career Guidance – Civil Services

V-ACT in association with Chanakya IAS Academy, Mangalore had organized a seminar on “Opportunities in the Civil Service sector” on the 26th of September, 2018 at 4.00PM in Bishop Aloysius Hall, St Joseph Engineering College, Mangalore.

The main speaker of the program was Mr Balakrishna Shetty – Former Ambassador of India to countries like Latvia, Bahrain, Republic of Senegal, Sweden and Mali. He was welcomed by the Training Officer & V-ACT coordinator Ms Flona Shawn Soans. Mr Shetty addressed the gathering and spoke of the various opportunities that the Civil Service provides to the young graduates. He also shared his success story of beating all the odds and clearing the examinations. According to Mr Shetty, the main reason why young graduates should opt for Civil Service is to get multitude of opportunities to help others. Clearing an IAS examination will enable you to work at a higher level where your sphere of influence is much higher than any other career opportunities. The Jurisdiction and the power that you get are great. He also mentioned that this career has provided him with a sense of satisfaction of doing something in return for the country.

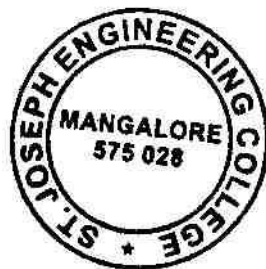

He said that a bureaucratic post is not just a government job with the authority to wield significant administrative and diplomatic power, but a service that one performs by being part of the administrative process that forms the backbone of the country. A civil servant is a cogwheel

in the machinery that makes possible the day-to-day functioning of the government. Stepping into the role of a civil servant is about deploying a high level of IQ along with a very specific set of skills that one acquires as an aspirant and constantly hones for application in various domains of administration throughout one's career.

Developing this skill set is crucial to cracking the smartly crafted civil service examination that surpasses the traditional approaches of a job interview. It is therefore important to undergo a complex training program which focuses on test preparation. A successful UPSC candidate is expected to exhibit a sharp sense of judgement in complex situations, a certain level of emotional intelligence and a high level of righteousness. Preparing for UPSC is a journey that takes at least 2 years and brings out the best in an individual. He mentioned that the only formula for success here is hardwork as there are no shortcuts of any kind.

Mr Balakrishna Shetty concluded by saying that the Civil Service Examination Preparation needs an integrated approach of preparation for Prelims, Mains and Interview. Relevant studies with an approach of developing right attitude for problem solving, decision making and inculcating administrative traits in personality are the basic requisites of the examination. Preparation under the right guidance makes the task simple and success oriented.

The career guidance session ended with a Q&A session and feedback. Mr Balakrishna Shetty was honoured with a memento by Collaborations Officer Ms Diana Monteiro. Vote of thanks was given by the Training Officer and V-ACT coordinator Ms Flona Shawn Soans. The event was compeered by final year student Mr Jokshith D'Souza.

St Joseph Engineering College, Mangaluru

Office of Training – V-ACT

SUVIDHA –‘19

The Training office under the banner of V-ACT and the Office of Collaborations of St Joseph Engineering College, Mangaluru jointly organized a one day Career Fair on Higher Education and Training Avenues – ‘Suvidha – 2019’ exclusively for the students and alumni the college, here on 9th February, 2019.

The event was inaugurated by lighting the lamp. The dignitaries on the dais were Rev Fr Wilfred Prakash D’Souza – The Director of SJEC, Rev Fr Rohith D’Costa – Assistant Director, Dr Rio D’Souza – Principal, Dr Joseph Gonsalves – Chief of R&D, Ms Diana Monteiro – Collaborations Officer and Ms Flona Shawn Soans – Training Officer.

In his inaugural speech, Dr Rio D’Souza, the Principal of SJEC said “SJEC is growing and we have realized that Collaborations with the Universities in India and abroad and Collaborations with the Industries will put us in the right direction of growth and we have thus taken Collaboration seriously. ‘Suvidha-2019’ will provide the right guidance to the students to take the decisions of their careers wisely. Success is achieved when the right opportunity comes at the right time. But many a times, you get the right opportunity at the wrong time and people let go of the opportunities.” He urged the students to not let go of the opportunity and make the best out of it.

The vendors who participated in the fair were IDP, Illinois Institute of Technology, NIIT, IIHT, CorEL Technologies (I) Pvt Ltd, Educaro India, Royal IAS Academy, ACE Engineering Academy, The Chopras, Wizdom Ed, Santa Monica Study Abroad Pvt Ltd, Storm Overseas Education, Jireh Pathway Abroad, Planet Education and Abhijna Education Pvt Ltd. The vendors gave information to student on avenues like Higher Education in India and Abroad, Preparing for competitive examinations like GATE, IELTS, TOEFL and GRE, Ad on Courses on niche software and Technologies, Civil Services Examinations among many things.

Speaking on behalf of the Vendors – Mr Arun Mathias from CorEL Technologies (I) Pvt Ltd said that such fair were non- existent in his time. Expos like this provide students with information of all the avenues that he/she can pursue as a career. He urged SJEC to make this an annual event.

Ms Diana Monteiro, the Collaborations officer welcomed the gathering and Ms Flona Shawn Soans, the Training Officer rendered the Vote of Thanks.

FEEL Communicative English

Batch One - 26 November through 01 December 2018
Batch Two - 03 through 08 December 2018

Introduction

St. Joseph Engineering College, Vamanjoor, Mangaluru organised 'FEEL Communicative English' learning and development intervention for the first year engineering students of the college in two batches, the first batch is from 26 November through 01 December 2018 and the second batch is from 03 through 08 December 2018. CLHRD, a unit of AIM INSIGHTS, the HRD Group, Kadri Road, Mangaluru was commissioned to conduct the six day human resource development intervention.

The Resource Team was led by the Director, CLHRD. He was assisted by four and five Master Facilitators of CLHRD in each batch respectively. The resource materials used were from the Intellectual Property Bank of CLHRD.

The themes that were presented during the course of the three days were Building Confidence, Developing Imagination and Intelligence, Influencing Through Communication, Personality, Freedom and Punishment, Values, Principles and Attitudes, Good Humans and Civilised Living, Vocabulary, Usage, Formation of Sentences, Grammatical Correctness, Use of Tenses, Interpersonal Communication, Mind Skills, Social Skills and Language Skills, Committee Speeches and Being Interviewed.

While 231 students registered in the first batch and 237 students registered in the second batch for the development intervention conducted, participation of the students were rated 'very satisfactory' by the Facilitators with the participants taking keen interest in learning the concepts presented. The sessions were from 09.00 a.m. to 05.00 p.m. on all the days of the development intervention with two breaks of 15 minutes duration each for refreshments, one in the morning and another in the afternoon, and a 45 minutes break for lunch, everyday.

Participants were divided into four and five batches respectively as per their batches of study with one Master Facilitator guiding each batch. They were further divided into four and five mixed batches. Each mixed batch was also divided into different groups according to the type of activity conducted.

Daily evaluations on all six days and a course end evaluation on the final day of the development intervention were conducted. Results of the compilation of the daily evaluations and the course-end evaluation are presented in this Project Completion Report (PCR).

Peer Facilitators

Unlike 'FEEL Employable' or 'FEEL Leadership', 'FEEL Communicative English' learning and development intervention is conducted with the support of Peer Facilitators from among the participants. Towards this purpose, and also for deciding the quality of the languages used by the participants, to design and customise the course, selected students numbering about 75 were trained to work as Peer Facilitators. A one day intervention was offered to these selected students to work as Peer Facilitators. They were also expected to continue the Communicative English practical work in groups of six after the 'FEEL Communicative English' intervention was over. They were specially certified for the work of Peer Facilitators. The satisfaction rating of 80.6% (Batch One) and 77.5% (Batch Two) was recorded by Peer Facilitators for their one day intervention. Peer Facilitators also underwent the 'FEEL Communicative English' intervention like all other participants.

The Research Results

I. Daily Evaluations - A Report

Daily evaluations were conducted on all the six days of the programme on a rating scale of one to nine, with '1' being 'Very Poor' and '9' being 'Excellent', to provide an opportunity for the participants to record their level of satisfaction.

Daily Evaluations: Satisfaction levels in percentages

Section A

Days	Excellent (A)	Satisfactory (B)	Total of the Satisfied	Not Satisfactory (C)	Very Unsatisfactory (D)	No Response (E)

Through

The Principal
St Joseph Engineering College
Vamanjoor, Mangaluru.

Respected Ray. Fr,

Subject: Request to sanction the remuneration to remedial class teachers -reg

I hereby bring to your notice that the Remedial Classes taken in the selected subjects for the 3rd semester and 5th semester students of Mechanical Engineering during last semester was a successful maiden attempt. Students have given a good response and a positive feedback about the Remedial Classes.

As per the approval of the request, the remuneration sanctioned was Rs 500 per class (each class was 2 to 3 hours duration). However, staffs who have handled the remedial classes have given their consent for accepting a remuneration of Rs 250 per class. Hence I kindly request you to sanction the remuneration to the concerned faculty as per the details attached.

Thanking you,

Yours sincerely,

Sudheer M

St Joseph Engineering College, Mangaluru

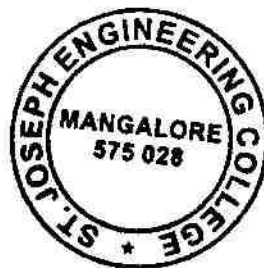

Office of Training – V-ACT

ATS – Microsoft Certification – IOT & CPMA

V-ACT in Collaboration with ATS Infotech Solutions Private Ltd conducted a 4 day training program for the students of CSE, MCA, EEE and ECE Departments on the niche technologies like Internet of Things (IOT) and Cross Platform Mobile Application Development (CPMA) from the 19th through the 22nd of April , 2019 in St Joseph Engineering College. This was the second installment of the training program. The first installment of the training was conducted from the 1st through 4th of March, 2019.

The students of CSE and MCA were clubbed into one batch for the Training on Cross Platform Mobile Applications Development (CPMA). The Training was delivered by Mr Anshu Kumar from ATS InfoTech Solutions Private Ltd. The Training was conducted in the English Labs of Academic Block 3 of SJEC. 60 students from Computer Science & Engineering and Computer Applications, and 4 faculty members from Computer Science & Engineering Department participated in the training program.

The students of EEE and ECE Departments were combined into one batch for the training on Internet of Things (IOT). The training program was delivered by Mr Sumit Sharma from ATS InfoTech Solutions Private Ltd. The training was conducted in the CAMD Labs of Academic Block 3 of SJEC. 67 students and 4 faculty members from the Departments of Electrical & Electronics Engineering and Electronics & Communication Engineering took part in the training program.

V-ACT Faculty Coordinators of SJEC, Ms Flona Shawn Soans, Training Officer and Dr Shakila B, from the Department of Business Administration coordinated the training program.

MBA: Counseling session by Rev. Fr. Alphonsus Cardoza

Oct 14, 2015

Rev. Fr Alphonsus Cardoza, Campus Counselor – SJEC, delivered a session on **Significance of Counseling and Self Awareness**, for I Year MBA students of SJEC on Wednesday, 14th October, 2015.

The Dean of Business Administration at SJEC, Dr Prakash Pinto, introduced and welcomed the Counselor. The Counselor highlighted the importance of Self Awareness for PG Students. He stated that the 5As- Awareness, Alertness, Active, Alive and Attentiveness, were needed in everyone's life to achieve their goals.

He questioned the students about the difference between animals and human beings and informed that humans are rational and animals are irrational. He also spoke about the three things that make a difference, namely, Image of oneself, Identity, and Uniqueness. He went on saying that when we believe in ourselves we can believe others.

The session concluded with a prayer.

FDP 2016 Spoorthi Series: Yoga - Key to Better Health and New Life

Jul 19, 2016 @ 9:30 AM

Under the Spoorthi series of FDP 2016, a session on Yoga - Key to Better Health and New Life was conducted by the Department of Mechanical Engineering for the Faculty on 19th July 2016 from 9:30 AM to 1:00 PM in the Kalam Auditorium. The resource person for the session was Yoga Rathna Sri Gopalakrishna Delampady. Sri Gopalakrishna Delampady is a retired Senior Health Inspector of Mangaluru City Corporation and is a yoga expert. He has conducted more than 850 yoga camps and has written innumerable books on yoga and is a recipient of many titles and awards.

Sri Gopalakrishna Delampady started the session giving a brief talk on history of yoga as well as various benefits of yoga. This was followed by practical session on various simple but very effective asanas. Benefits of the asanas were also explained which was very useful for the audience. Later in the session Sri Gopalakrishna Delampady explained the healthy eating and drinking habits. Mudras and its importance in the day to day life were also demonstrated. The session ended with the talk on Color therapy and its benefits on health.
